The Leadership Team of Black Belt and Brown Belt Have Added Green Belt 3 Stripes to Leadership Class and Training Next Leadership Meeting July 22nd 11-1pm

Leadership training is exactly that, it teaches our student to become role models, leaders, positive examples, assistants to the Instructors, develops confidence, taking initiative, customer service understanding, team work relationships with leadership instructor team, and how to take initiative towards addressing an issue, or developing a creative idea in making you into somebody who can work with and teach anyone.

Our Leadership program teaches our students about business and corporate understanding. This class will affect them in school, work, clubs, organizations, along with development of their interpersonal skill development.

Once a month we have a Leadership meeting for two hours, which we will have lunch provided while our students are learning about their responsibilities as a leader. All of our Leadership Instructors after receiving their Black Belts have also maintained an excellent grade point average has gone off to college or university to study for their degrees. Once they complete their AA, BA, or Master's Degree they apply for jobs, and find that a lot of what they learned in our Leadership Class has prepared them for the Management positions they may have applied for.

We go beyond teaching great martial arts, we teach our students to be successful in life, understanding business, and customer service, by teaching them in their training in Goju Ryu Karate how to apply into their life skills.

We welcome the new Green Belts 3 strips, whose next level is Brown Belt to our Leadership Program.

Any questions please call Sensei Gene Tibon at the main dojo at (209) 465-0943.
