New Year of Goals and Accomplishments **2015**

If you are a students, leadership, Black belt instructor you are required to make a list of 10 goals you would like to accomplish for 2015, and 10 accomplishments you are proud of from 2014 and turned in to your Tibon's Goju Ryu Sensei's.

The ideal behind the goals is due to our dojo being a goal orientated organization we like having our students aiming toward a productive direction each year they are enrolled in our karate program. They will find that the listing of goals is like creating a bull's-eye target for their life to follow for the year. It will give you a focused drive to 10 particular accomplishments you have set your desire to fulfill before the years end.

What you will gain from your written goals at a minimum of only able to accomplish a few of them, which still put your life in a direction of development and positive outcomes of some of the dreams you wish to make come true by years end.

If you continue to be goal orientated, and continue to write your goals every year with a true commitment to accomplish them, your life will have a dramatic result in years to come. You'll find that you have set your life's direction in accomplishing new goals each year for your personal betterment of life.

2015 A Year for Competition Experience And a New Generation of Black Belts

This year we have a new group of 5th generation black belts at Tibon's Goju Ryu Fighting Arts Karate Organization. We have 5 schools in or organization, Tibon's Goju Ryu main dojo, Stockton Tibon's GymStars, Modesto Tibon's GymStars, Hiers Goju Ryu, and Victory Outreach Program. All of these schools are dedicated to giving our athletes an opportunity of gaining the needed experience to learn how to be competitive in the sports karate world of Team USA development opportunities.

The international experience gained from being a member of the Junior or Senior National Karate team, under USA Karate Federation, member of the USA Olympic Committee is huge, especially with the possibility that Karate will be in the 2020 Summer Olympic Games in Japan.

In the meantime whether you make Team USA or just gain the experience for preparing for elite level competition it will teach you that to be at any elite level takes elite training and personal dedication, with the support of your parents.

We plan to host more USA Grassroots Karate workshops, which Sensei Gene Tibon is National Director and Founder of www.grassrootskarate.com with the help of Hier's Goju Ryu Karate program at Lodi's Twin Arbors Athletic Facility in the next several months. We look forward for your participation.

Students Don't Bring Valuables to the Dojo

Students please don't bring any valuables to the dojo. We had one of our students brought her Christmas shopping money in an envelope to class, and when she got home she could not find it. The daughter of one of our black belts walking by found the envelope, and brought it inside of the Karate school to the front counter for us to hold in case somebody called. Fortunately an honest person found the money, brought it into the dojo, and it was returned to the student.

Leadership training is exactly that, it teaches our students to become role models, leaders, positive examples, interns to the assistants to the Instructors. It helps develop confidence, taking initiative, understanding customer service, builds team work relationships with the instructor team. This class teaches one how to take initiative towards addressing an issue, and developing a creative idea in making a person who can work in developing anyone.

Our Leadership program teaches our students about business and corporate understanding. This class will affect them in school, work, clubs, organizations, along with the development of their interpersonal skills.

Once a month we have a Leadership meeting for two hours, which will include lunch. After receiving the black belt, our Leadership Instructors work to maintain an excellent grade point average, which has been beneficial for preparation when going off to college or university to achieve their degrees. Once they have received their Associates, Bachelors, and/or Master's Degree, they find that our Leadership Class has prepared them for the Management positions they may have applied for.

We go beyond teaching great martial arts. During their training in Goju Ryu Karate; we teach our students to be successful in life, understanding business, customer service, and how to apply these skills into their lives.
