The Leadership Team of Black Belt, Brown Belt, and 3 Stripe Green Belt Leadership Class and Training Next Leadership Meeting May 6th, 2018 Sunday

Leadership training is exactly that, it teaches our students to become role models, leaders, positive examples, interns to the assistants to the Instructors. It helps develop confidence, taking initiative, understanding customer service, builds team work relationships with the instructor team. This class teaches one how to take initiative towards addressing an issue, and developing a creative idea in making a person who can work in developing anyone.

Our Leadership program teaches our students about business and corporate understanding. This class will affect them in school, work, clubs, organizations, along with the development of their interpersonal skills.

Once a month we have a Leadership meeting for two hours, which will include lunch. After receiving the black belt, our Leadership Instructors work to maintain an excellent grade point average, which has been beneficial for preparation when going off to college or university to achieve their degrees. Once they have received their Associates, Bachelors, and/or Master's Degree, they find that our Leadership Class has prepared them for the Management positions they may have applied for.

We go beyond teaching great martial arts. During their training in Goju Ryu Karate; we teach our students to be successful in life, understanding business, customer service, and how to apply these skills into their lives.

We welcome the new Green Belts 3 strips, whose next level is Brown Belt to our Leadership Program.
